

FLOORING

PULASTIC SPORTS FLOORS

TRANSFORM YOUR GYM IN JUST ONE WEEK

PULASTIC BUILDING TRUST

PULASTIC SPORTS FLOORS

THE FIRST PULASTIC SPORTS FLOOR was installed over 45 years ago. Today there are more than 25 million square metres of Pulastic Floors installed worldwide and it is the market leader in sports flooring systems.

The first Pulastic Sports Floor in New Zealand was installed in 1995. Today these remarkable floors can be found in Schools, Colleges, Polytechs and Universities across New Zealand.

■ EXTREMELY LONG LASTING

Equal life to that of timber floors (which are usually made from imported American Oak). And Pulastic floors only need a recoating to be as good as new again.

■ REDUCE SPORTS INJURIES

Instantly absorbs the shock of sudden impacts, reducing sports injuries, especially amongst young children.

■ APPLY TO NEW OR EXISTING FLOORS

Can be installed new, or over existing concrete or timber floors.

■ RENEWABLE RESOURCE

The resins used in the manufacture of Pulastic Sports Floors are made from renewable vegetable oils.

■ 60% RECYCLED CONTENT

Each completed floor contains a minimum 60% of recycled material.

■ MEETS LEADING EUROPEAN & USA ENVIRONMENTAL STANDARDS

Meets AGBB, the German VOC Test Environmental requirements and LEED (Leadership in Energy & Environmental Design) – the American system.

■ MEETS NZ FIRE RATING REQUIREMENTS

Has been tested to meet Clause C1 to C6 (“Protection from Fire”) requirements of the NZ Building Code. Certificates are available.

■ FAST INSTALLATION

Most installations can be completed in just one week so disruption is minimal.

■ SEAMLESS FINISH

Provides a very attractive, seamless finish. There are no distracting open seams and no loose fits between walls and floor.

■ MAKES SPORTS COACHES PURR

Can be fine-tuned to deliver good ball response, consistent play properties, and give the best results for whatever sports are played on it.

■ MULTIPLE COLOUR CHOICES

You can create your own distinct look – either to match your school, team or organisation’s colours, or simply to create a fun environment.

■ EASY REFURBISHMENT

Can be easily updated, repaired, refurbished without having to redo the whole floor.
