ZESPRI HEAD OFFICE PROJECT,  
MT MAUNGANUI, TAURANGA

WATERPROOFING

BUILDING TRUST

# ZESPRI HEAD OFFICE PROEJCT, MT MAUNGANUI, TAURANGA

## PROJECT DESCRIPTION

Zespri has outgrown their existing building as the organisation has grown to support the kiwifruit industry's rapid progress.

The new building will be a hub for the kiwifruit industry with facilities to host growers and office space for other kiwifruit organisations. It will also provide a fitting venue to host international trade, government and media delegations on behalf of the industry.

Zespri is investing over \$40 million in the design, build, fit out, furnishing and landscaping of the new 5,800m<sup>2</sup> landmark office complex. The three-story complex will stand in a park-like setting and includes onsite parking for around 190 cars, mostly underground, to reduce the traffic impact on the community.

Work started on site in the first quarter of 2017, with the building set for completion by the end of 2018.

## PROJECT REQUIREMENT / CHALLENGES

Basement Waterproofing/Tanking system suitable for use in salty ground water conditions. In addition the tanking solution needs to work in sandy soil conditions which are prone to subsiding and therefore may not confine the membrane directly to the slab long term.

## PRODUCTS USED

Sikaproof A  
SikaProof P  
SikaProof Primer  
SikaProof A Fix Tape  
SikaProof A Tape  
SikaProof A Patch  
SikaSwell-S  
SikaSwell-A

## SIKA SOLUTION

SikaProof A  
SikaProof P

## PROJECT SIZE

5800 m<sup>2</sup>

## PROJECT PARTICIPANTS

Product Specifier:	Warren & Mohoney
Main Contractor:	Hawkins Construction Ltd
Specialist Contractor:	DAS Arid Technologies Tauranga
Sika Contact:	Warren Seabourne
