		Disposal: P501 Dispose of contents/ disposal plant.	container to an approved waste

Other hazards which do not result in classification

None known.

Sikafloor-359 N Part B

Version	Revision Date:	SDS Number:	Date of last issue: 2023/02/19
4.1	2025/02/13	000000122178	Date of first issue: 2017/12/19

Section 3: Composition/information on ingredients

Substance / Mixture : Mixture

Components

Chemical name	CAS-No.	Concentration (% w/w)
Isophorondiisocyanate homopolymer	53880-05-0	>= 50 -< 70
Hydrocarbons, C9, aromatics	64742-95-6	>= 30 -< 50
3-isocyanatomethyl-3,5,5-trimethylcyclohexyl	4098-71-9	>= 0.25 -< 1
isocyanate		

Section 4: First-aid measures

General advice :	Move out of dangerous area. Consult a physician. Show this safety data sheet to the doctor in attendance.
If inhaled :	Move to fresh air. Consult a physician after significant exposure.
In case of skin contact :	Take off contaminated clothing and shoes immediately. Wash off with soap and plenty of water. If symptoms persist, call a physician.
In case of eye contact :	Remove contact lenses. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist.
If swallowed :	Clean mouth with water and drink afterwards plenty of water. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. Obtain medical attention.
Most important symptoms : and effects, both acute and delayed	irritant effects sensitising effects Cough Respiratory disorder Allergic reactions Loss of balance Vertigo See Section 11 for more detailed information on health effects and symptoms. May cause an allergic skin reaction. May cause an allergic skin reaction. May cause allergy or asthma symptoms or breathing difficul- ties if inhaled. May cause respiratory irritation. May cause drowsiness or dizziness.
Notes to physician :	Treat symptomatically.

Sikafloor-359 N Part B

Vers 4.1	ion Revision Date: 2025/02/13		SDS Number: 000000122178	Date of last issue: 2023/02/19 Date of first issue: 2017/12/19
Suitable extinguishing media		lia :	Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical	
	Unsuitable extinguishing media	:	Water High volume water jet	
	Specific hazards during fire fighting	e- :	Do not use a solid water strean fire. Do not allow run-off from fire fig courses.	
	Hazardous combustion pro ucts	od- :	No hazardous combustion proc	lucts are known
	Specific extinguishing met ods	ז- :	Use water spray to cool unoper Collect contaminated fire exting must not be discharged into dra Fire residues and contaminated be disposed of in accordance w	guishing water separately. This ains. d fire extinguishing water must
	Special protective equipme for firefighters	ent :	In the event of fire, wear self-co	ontained breathing apparatus.
	Hazchem Code	:	•3Y	

Section 6: Accidental release measures

Personal precautions, protec- tive equipment and emer- gency procedures	:	Use personal protective equipment. Remove all sources of ignition. Deny access to unprotected persons.
Environmental precautions	:	Prevent product from entering drains. If the product contaminates rivers and lakes or drains inform respective authorities.
Methods and materials for containment and cleaning up	:	Contain spillage, and then collect with non-combustible ab- sorbent material, (e.g. sand, earth, diatomaceous earth, ver- miculite) and place in container for disposal according to local / national regulations (see section 13).

Section 7: Handling and storage

Advice on protection against fire and explosion	:	Use explosion-proof equipment. Keep away from heat/ sparks/ open flames/ hot surfaces. No smoking. Take precautionary measures against electrostatic discharg- es.
Advice on safe handling	:	Do not breathe vapours or spray mist.
