Sika AnchorFix[®]-3030

High performance professional epoxy anchoring adhesive

Sika AnchorFix[®]-3030 is an epoxy resin based, 2-part, thixotropic, high performance anchoring adhesive for anchoring threaded rods and reinforcing bars in both cracked and un-cracked concrete dry or damp concrete. **Sika AnchorFix[®]-3030 may only be used by experienced professionals. Used for structural applications.**

Uses:

Structural work

- Rebar / steel reinforcement anchoring in new and refurbishment works
- Threaded rods
- Bolts and special fastening / fixing systems

Metalwork, carpentry

- Handrails, balustrades and supports
- Railings
- Window and door frames

In the following substrates:

- Concrete (cracked and un-cracked)
- Hollow and solid masonry
- Wood
- Hard natural and reconstituted stone*
- Solid rock*
