### Other hazards which do not result in classification None known.

### Section 3: Composition/information on ingredients

#### Components

| Chemical name               | CAS-No.    | Concentration (% w/w) |
|-----------------------------|------------|-----------------------|
| Cement, portland, chemicals | 65997-15-1 | >= 30 -< 50           |
| Fumes, silica               | 69012-64-2 | >= 10 -< 20           |

### Section 4: First-aid measures

| General advice                                      | : | Move out of dangerous area.<br>Consult a physician.<br>Show this safety data sheet to the doctor in attendance.   |
|---|---|---|
| If inhaled  | : | Move to fresh air.<br>Consult a physician after significant exposure.   |
| In case of skin contact                             | : | Take off contaminated clothing and shoes immediately.<br>Wash off with soap and plenty of water.<br>If symptoms persist, call a physician.  |
| In case of eye contact                              | : | Small amounts splashed into eyes can cause irreversible tis-<br>sue damage and blindness.<br>In the case of contact with eyes, rinse immediately with plenty<br>of water and seek medical advice.<br>Continue rinsing eyes during transport to hospital.<br>Remove contact lenses.<br>Keep eye wide open while rinsing. |
| If swallowed  | : | Clean mouth with water and drink afterwards plenty of water.<br>Do not give milk or alcoholic beverages.<br>Never give anything by mouth to an unconscious person.<br>Obtain medical attention.   |
| Most important symptoms and effects, both acute and | : | irritant effects<br>sensitising effects   |
|   |   | 2/9   |

### Components with workplace control parameters

### Personal protective equipment

| Respiratory protection | : | Use respiratory protection unless adequate local exhaust<br>ventilation is provided or exposure assessment demonstrates<br>that exposures are within recommended exposure guidelines.<br>The filter class for the respirator must be suitable for the max-<br>imum expected contaminant concentration<br>(gas/vapour/aerosol/particulates) that may arise when han-<br>dling the product. If this concentration is exceeded, self-<br>contained breathing apparatus must be used. |
|------------------------|---|---|
| Hand protection        | : | Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.   |

#### Section 11: Toxicological information

#### Acute toxicity

Not classified based on available information.

Skin corrosion/irritation

Causes skin irritation.

#### Serious eye damage/eye irritation

Causes serious eye damage.

Respiratory or skin sensitisation

#### Skin sensitisation

May cause an allergic skin reaction.

#### **Respiratory sensitisation**

Not classified based on available information.

#### **Chronic toxicity**

#### Germ cell mutagenicity

Not classified based on available information.

#### Carcinogenicity

Not classified based on available information.

#### **Reproductive toxicity**

Not classified based on available information.
