FISHER & PAYKEL HEALTHCARE, AUCKLAND, NZ.

SEALING & BONDING: Sikaflex® AT-Facade · Sikasil® N · Sika® Cleaner-205

BUILDING TRUST

FISHER & PAYKEL HEALTHCARE, AUCKLAND, NZ.

PROJECT DESCRIPTION

A new state-of-the-art manufacturing facility was under construction in Highbrook, Auckland for Fisher & Paykel Healthcare, who manufacture high quality, cutting edge technology for acute respiratory care.

PROJECT REQUIREMENT

A key part of the construction process is the joint sealant installation. The use of Sikaflex joint sealants installed by trained and approved applicators backed by onsite quality assurance testing will help ensure that Fisher & Paykel Healthcare's new manufacturing facility stays weathertight for many years to come.

SIKA SOLUTION

BRANZ Appraised specialty joint sealant, Sikaflex AT-Facade was the ideal and versatile choice for sealing both porous and non-porous facade joints.

SIKA PRODUCTS

Sikaflex® AT-Facade
Sikasil® N
Sika® Activator-205
