

## PRODUCT DATA SHEET

# Pulastic® Eco Clean

Daily cleaner for cleaning Pulastic sports floors

SIKA NZ  
APPROVED  
CONTRACTOR  
ONLY

### DESCRIPTION

A high quality sports floor deserves high quality maintenance products. Pulastic Eco Clean is a daily cleaner for cleaning Pulastic sports floors with water or solvent based coatings.

### USES

Minimum dosage: 50 millilitres cleaner to 10 litres water solution (0.5% - 1 : 200).

Firstly, fill the water tank of the scrubber dryer with the solution. Then, scrub the floor with a red pad (Scotch-Brite) and vacuum the solution directly from the floor.

It is recommended to use pads or brushes other than those prescribed. For example, hard or nylon brushes. For more information, refer to the Pulastic Eco Clean label, the safety data sheet, advice guide for determining cleaning procedure and instruction guide for standard wet cleaning.

We recommended using Pulastic Eco Clean on a weekly basis as part of the standard cleaning regime. This includes: daily dust wiping, including removal of stains, weekly cleaning with Pulastic Eco Clean and periodic cleaning with Pulastic Deep Clean.

### CHARACTERISTICS / ADVANTAGES

- Pulastic Eco Clean has been specifically developed for Pulastic (indoor) sportsfloors, and cleans pollutants like soap residues, grease, dirt and bacteria.
- Pulastic Eco clean is suitable for removing certain stains as part of daily maintenance. See the instruction guide for stain removal.
- Pulastic Eco Clean is a synthetic cleaner with a pleasant, fresh scent.
- Pulastic Eco Clean is used in the second phase of the cleaning process (6 months after completion of the Pulastic sports floor).
- Pulastic Eco Clean should preferably be used in combination with a scrubber dryer.
- Pulastic Eco Clean must not be left to dry on the floor.

### PRODUCT INFORMATION

Packaging	5 litre jerry can
Shelf Life	24 months
Storage Conditions	Frost free
Colour	Transparent
Consistency	Liquid
pH-Value	10
