PRODUCT DATA SHEET Sarnafil®-130 S-Felt

Separation and cushioning layer

DESCRIPTION

Sarnafil®-130 S-Felt is a separation layer made of recycled polyester.

USES

Sarnafil®-130 S-Felt is used as a separation layer between Sarnafil membranes and incompatible substrates. Sarnafil®-130 S-Felt can also be used as a cushioning layer between Sarnafil® membranes and concrete substrates.

CHARACTERISTICS / ADVANTAGES

- Suitable for mechanical fastening
- Bitumen resistant
- Non-decaying
- Manufactured entirely from recycled material

PRODUCT INFORMATION

Chemical Base	100% recycled polyester
Packaging	Sarnafil [®] -130 S-Felt rolls are wrapped individually.
Shelf Life	5 years from date of production and according to defined storage condi- tions in unopened, undamaged, original packaging.
Storage Conditions	Rolls must be stored between +5°C and +30°C, protected from direct sun- light, rain and snow. Do not stack pallets of rolls or any other material dur- ing transport or storage.
Colour	Green
Length	50 m

Product Data Sheet Sarnafil®-130 S-Felt April 2024, Version 01.01 020945051050000078

Width	1.975 m (+/- 10 %)
Effective Thickness	1.00 mm (+/- 10 %)
Mass per Unit Area	130 g/m² (+/- 10 %)

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

ECOLOGY HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in this product data sheet.Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0.1 % (w/w)

APPLICATION INSTRUCTIONS

APPLICATION

Installation work must only be carried out by Sika[®] trained and approved contractors, experienced in this type of application.

Installation of some ancillary products, e.g. contact adhesives / cleaners is limited to temperatures above +5 °C. Please observe information given by Product Data Sheets.

Special measures may be compulsory for installation below +5 °C ambient temperature due to safety requirements in accordance with national regulations.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request. It may be necessary to adapt the above disclaimer to specific local laws and regulations. Any changes to this disclaimer may only be implemented with permission of Sika® Corporate Legal in Baar.
