

# SIKA AT WORK

NAPIER CONFERENCE CENTRE,  
BLUFF HILL, NAPIER

SEALING & BONDING - ROOFING

BUILDING TRUST

# NAPIER CONFERENCE CENTRE, BLUFF HILL, NAPIER

## PROJECT DESCRIPTION

Refurbishment works scheduled for the Napier Conference Centre were brought forward due to newly discovered earthquake strengthening requirements.

## PROJECT REQUIREMENT

- The project required major structural upgrades. This included using our Sika FRP solutions in conjunction with technical assistance support from BBR Contech
- Napier City Council took the opportunity to extend and refurbish the complex to attract more conferences and events to the city
- This involved a large new building to the north and an extension to the east

## CHALLENGES

- A strict completion date of February 2017, in time for the Art Deco weekend
- Weather conditions - and the seafront location

## PRODUCTS SOLUTION

Roofing, waterproofing, structural strengthening, sealing & bonding, concrete repair/protection.

## PRODUCTS USED

SikaRoof MTC-22  
Sika Hyflex-905  
SikaProof P  
Sikagard-550 Elastic
