

# PRODUCT DATA SHEET

# Regupol-6910 P2P

Recycled polyurethane bonded rubber shock-pad

### **DESCRIPTION**

Prefabricated shock-pad supplied by a company certified according ISO 9001 for quality management, ISO 14001 for environmental care and ISO 26000 for corporate sustainability.

# **USES**

REGUPOL 6910 P2P is a durable high quality recycled rubber shock-pad used for the installation of seamless Sika Pulastic sports flooring systems.

The nature of the product requires (manufacturer) trained specialists to execute the installation.

# **CHARACTERISTICS / ADVANTAGES**

The material is produced by bonding rubber crump with a polyurethane compound. The material is permanently flexible resulting in a lasting shock and sound absorption. The material has a relatively high density resulting in a high hardness and a high impact resistance as well as a low standard deformation and a low remaining indentation.

## PRODUCT INFORMATION

Packaging	Thickness	Length	Area	Net weight	Gross weight
	5 mm 7 mm	21 m 21 m	64.5 m2 31.5 m2	2.1 kg/m2 6.1 kg/m2	137 kg/roll 193 kg/roll
	Appearance / Colour	Black			
Shelf Life	Five (5) years from date of production when stored as stated.				
Storage Conditions	Store the rolls horizontally in an environment where protection against damage and free flowing water is guaranteed. Roll diameter = $\pm$ 41 cm.				

#### **BASIS OF PRODUCT DATA**

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

#### **ECOLOGY HEALTH AND SAFETY**

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in this product data sheet.Based on our current knowledge, this

product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0.1 % (w/w)

#### LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields

#### **LEGAL NOTES**

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request. It may be necessary to adapt the above disclaimer to specific local laws and regulations. Any changes to this disclaimer may only be implemented with permission of Sika® Corporate Legal
